**PRESIDENT NEWS:
TECHNOLOGY, COMPETITION
& THE INTER-GENERATIONAL
WORKPLACE**

The NYC Chapter is honored to have two outstanding interns. I recently sat down with **Jaclyn Brennan**, a student at St Francis College in Brooklyn, to get her perspective on FEI and what a finance career might look like in the future.

What are you studying at St Francis and how does this figure into your career plans?

I am currently studying Accounting at St. Francis College. After graduation I intend to take the CPA exam and work in public accounting.

How did you hear about FEI and what is your role here?

I heard about FEI through St. Francis College and being invited to attend the FEI Women's Event in Spring 2015. I am now an Intern for FEI New York City where I assist with operations. I help prepare and manage chapter programs, check members in, take pictures and solve problems.

Tell us something unique about yourself.

I am an identical twin. [Click for the full interview](#)

Jaclyn's focus is impressive and I don't know about you, but I also find her outlook on the finance profession pragmatic and encouraging. Meet Jaclyn at an upcoming program...and let's all audit that she doesn't send her identical twin instead.
