FEI vision

FEI will continue to be the professional association of choice for the corporate finance executive. We strive to be the most contemporary, dynamic and proactive organization of its kind. We are a powerful network centered on a vibrant Internet community and local meetings. FEI is member-service oriented, with value for dues a top priority. Indeed, the cost of membership is dwarfed by the cost saving ideas and value-building themes that accrue to our members through their participation in FEI. We strive to be the eyes and ears of the typical finance officer facing the day-to-day challenge of enhancing his or her shareholders' investment. We help members anticipate and react to change, acquire new resources to enhance shareholder value, and build the personal skills needed to further their careers. We do this by providing information through diverse forms of communication, knowledge of evolving trends and issues

"FEI is an excellent professional organization to be a part of. The financial community in Austin is fairly small and FEI is a great way to develop your network and get to know your peers."

and high-quality programs. We help to identify new opportunities for peer networking, and provide for effective advocacy through representation before legislators and regulators.
