FEI vision

FEI will continue to be the professional association of choice for the corporate finance executive. We strive to be the most contemporary, dynamic and proactive organization of its kind. We are a powerful network centered on a vibrant Internet community and local meetings. FEI is member-service oriented, with value for dues a top priority. Indeed, the cost of membership is dwarfed by the cost saving ideas and value-building themes that accrue to our members through their participation in FEI. We strive to be the eyes and ears of the typical finance officer facing the day-to-day challenge of enhancing his or her shareholders' investment. We help members anticipate and react to change, acquire new resources to enhance shareholder value, and build the personal skills needed to further their careers. We do this by providing information through diverse forms of communication, knowledge of evolving trends and issues and high-quality programs. We help to identify new opportunities for peer networking, and provide for effective advocacy through representation before legislators and regulators.

"FEI has connected me with several other CFOs as well as key service providers in the Austin area. The connections have allowed me to meet and learn from other finance executives who have faced or are facing similar challenges to our organization. The advice from these members along with my overall FEI membership have been tremendously valuable, both personally and professionally." "

-Brian Hack
CFO, Beanitos
Member since 2014
