Name on Card:

ABOUT FEI NYC

Since 1933, the FEI NYC Chapter has been successfully connecting Financial Professional in the New York City metro area providing a truly unique forum to meet at live events (most of which carry CPE), attend general peer-to-peer networking events or webinars, gain access to the rest of the 10,000 FEI members, benefit from advocacy efforts, research, and career center.

FEI NYC strives to provide its Membership with unique opportunities to facilitate or cultivate the development and furthering of the Finance profession at many levels.

From robust programming and professional networking activities to our mentoring relationship with the students attending local colleges, nearly every FEI NYC activity will provide an opportunity for you, the Financial Professional, to either get what you need or share what you know.
