Quizzes

Test your knowledge by taking one of the following quizzes developed by FEI:

[FEI's Financial Literacy Quiz](#)

[FEI's Fraud Literacy Quiz](#)

The quizzes were developed to test knowledge and identify areas where further knowledge would be helpful. They also serve to encourage those taking the quiz to avail themselves of the many educational and professional networking opportunities offered by FEI, including collaborative programs in partnership with other organizations, in these and other areas.

FEI's [Financial Literacy Quiz](#) was originally developed by Phil Livingston (then-President and CEO of FEI), Roman Weil of the University of Chicago, and John Stewart, then-partner with audit firm Arthur Andersen, and now a managing director of the consulting firm, Financial Reporting Advisors, LLC. The Second Edition of the quiz, launched in Spring, 2011 and updated by FEI staff, continues the focus on public company audit committee members, finance function staff, auditors and others. It has been expanded to include some basic questions applicable primarily to private companies. We believe the quiz as a whole is a worthwhile tool for board and staff members at public and private companies.

FEI's [Fraud Literacy Quiz](#), launched on Nov. 1, 2011, was developed by FEI, in conjunction with partner organizations that have joined together as part of an anti-fraud collaboration. The [Center for Audit Quality \(CAQ\)](#), [Financial Executives International \(FEI\)](#), [The Institute of Internal Auditors \(IIA\)](#) and the [National Association of Corporate Directors \(NACD\)](#), representing key members of the financial reporting supply chain, have formed a partnership to collaborate on projects to advance efforts to deter and detect financial reporting fraud.
